I began skiing as a kid, spent many years focused on telemark skiing, then began Nordic racing about 15 years ago. I have competed in several World Masters races, and many citizen races including 10 Birkies. I raced with the Loppet Elite Masters on Nordic Skis (LEMONS) in Minneapolis for 5 years, before I started spending my winters in Ironwood where the snow is better! I have completed USSA Level 100 instruction, and received 15 years of professional coaching myself. I would love to share tips to make your skiing more efficient and fun!
